⚠ Tech Support Pop-Up Scam
What To Do If A Scary Message Appears On Your Screen

🚫 **MOST IMPORTANT RULE:** Microsoft, Apple, Google, and other companies will NOT put a phone number on your screen and tell you to call.

3 Easy Steps

📞 **DO NOT CALL**
The phone number belongs to a scammer.

🖱️ **DO NOT CLICK**
Do not click OK, Cancel, Fix Now, or any buttons inside the pop-up.

❌ **CLOSE THE PAGE**
Click the X to close the browser. If the computer freezes, hold the power button for 5 seconds, wait 10 seconds, and restart.

Common Warning Signs

📢 Loud beeping, alarms, or voices

⚠️ Messages saying "Your computer is infected!"

💻 Requests to download AnyDesk or TeamViewer

🎁 Requests for gift cards, Bitcoin, or wire transfers

Remember: STOP • CLOSE • ASK

🛑 STOP and do not panic.
❌ CLOSE the page or restart the computer.
☎️ ASK a trusted family member, library staff member, IT person, or repair shop for help.
